

UPCOMING CHANGE

Fitness Requirements for License Applicants and Current Licensees

Pursuant to [1 RCNY §104-01 \(f\)](#), effective March 16, 2017, original applicants for licensure, as well as license renewal applicants, are required to provide proof of fitness to perform the work authorized by the relevant license.

- Effective **June 5, 2017** the following license types will be required to submit evidence of fitness:
 - Electricians (Master/Special)
 - Master Plumbers
 - Master Fire Suppression Piping Contractors
 - High Pressure Boiler Operating Engineers
 - Oil Burning Equipment Installers
 - Sign Hangers (Master/Special)
 - Site Safety Managers
 - Site Safety Coordinators
 - Construction Superintendents
 - Concrete Safety Managers
 - Private Elevator Inspection Agency Directors & Inspectors
 - Welders

- Hoisting Machine Operators, Riggers and Welders **must** continue to comply with the fitness requirements outlined in 1 RCNY Sections [104-09](#), [104-10](#), and [104-11](#).

- Original applicants will be required to submit the [LIC61](#) form completed by a physician upon submission of background investigation documents.

- A completed [LIC61](#) application will be required for every subsequent renewal.

POST UNTIL: December 31, 2017
